

# Meet Dr. Adán Colón-Carmona

## Adán is a **PLANT BIOLOGIST**

He studies plants and how they grow in response to inputs from the environment.

Adán's research examines the ways plants can reduce pollution and make a healthier Earth.

Adán Says

*"Follow a career path that makes you happy and has an impact."*

Originally from México, Adán also teaches, mentors, and does community outreach!

DR. ADÁN COLÓN-CARMONA

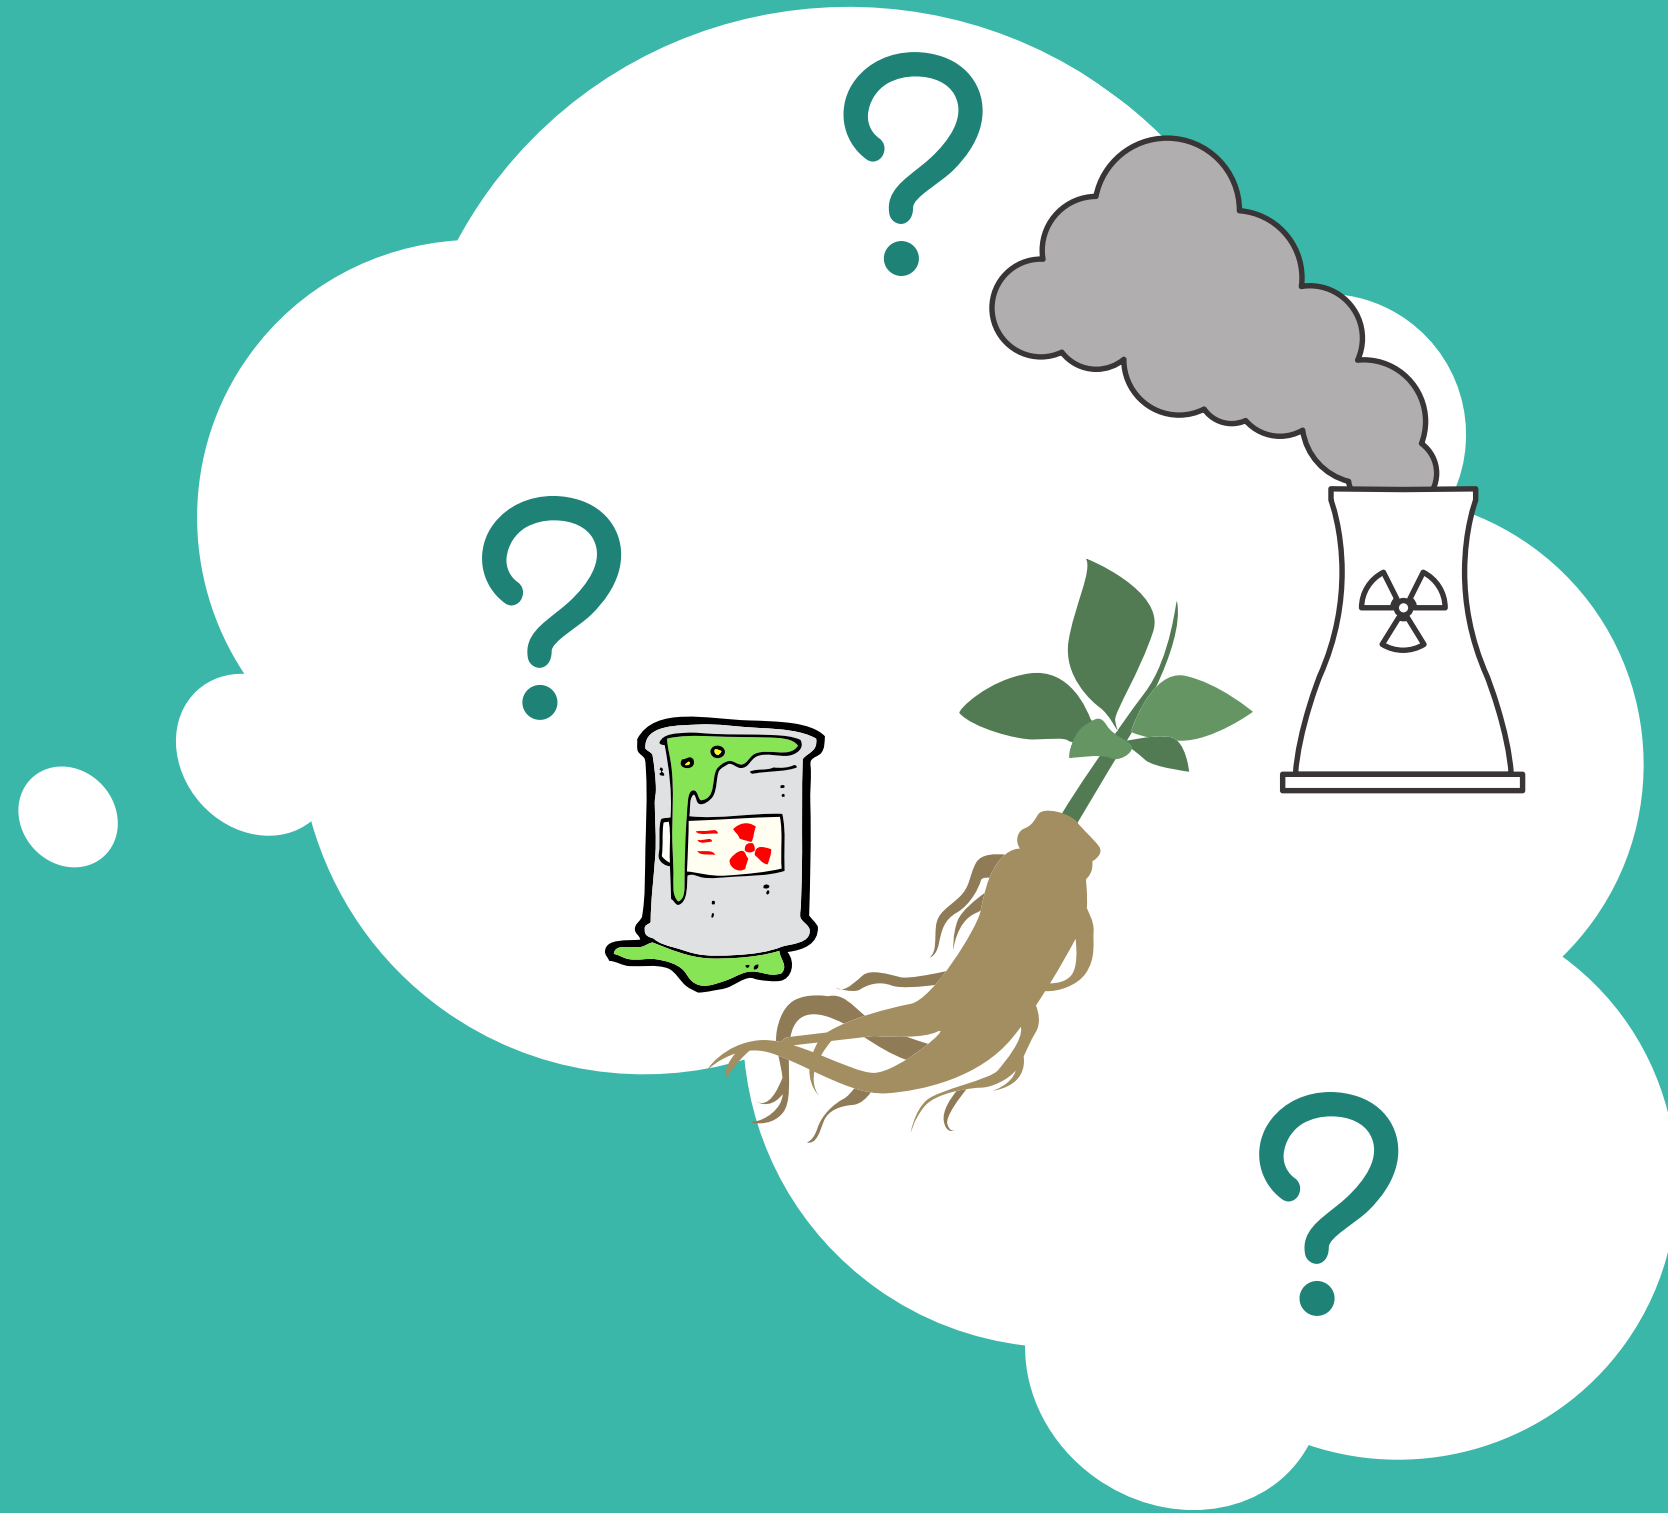

# He is a Plant Biologist

He asks: "How do plants grow?"

He also asks: "How do plants grow under stress?"

He uses a plant called the "mouse-ear cress."
