

## STEMist Reading: Student Reflections

*You read about a person who uses science, technology, engineering, and/or math for their job! Reflect on what you learned below.*

1. What is your STEMist's name?

---

2. What is your STEMist's job title?

---

3. Describe your STEMist's job using your own words. (2-4 sentences)

---

---

---

---

---

---

4. What part of the reading was most interesting to you?

---

---

---

---

---

---

5. Is this a job you might like to have? Why or why not?

---

---

---

---

---

---

6. Can you think of a way the STEMist's work connects to your own life? Maybe it connects to something you've learned at school or to something you do at home.

---

---

---

---

---

---

7. What are your thoughts on the advice the STEMist gives at the end of the reading?

---

---

---

---

---

---
